WE'RE HIRING - STORESMAN

Function: Responsible for managing both inward and outward tools, equipment, vehicles, and materials whilst maintaining accuracy and integrity of the store/s inventory records under your direction including all associated documentation and record keeping for accounting purposes.

**ROLES AND RESPONSIBILITIES:**

- To log and manage the tools and equipment issuance and receiving from sites and to actively control through monitoring via D/Ns and other relevant forms of policies and procedures to be developed.
- Stock management of tool room and control of materials and equipment leaving and returning from the site and liaising with the Projects Procurement Services Coordinator to balance the loss of tools and/or materials not used on site.
- Stock, inventory, and warehouse management of project material, tools, and equipment must be updated via computer software within three (3) days to ensure accuracy.
- Vehicle management of all company vehicles which involves assessment of vehicle checklist, government inspection, company passes, updating insurances, and overall service and repair.
- Coordinate with the Project Manager and HSEQ in reporting damages and to have all vehicle maintenance issues corrected.
- Must be able to use the forklift.
- Identify and report details of damages and shortages or quality deficiencies to the supervisor when items are received from suppliers.
- Ensure all defective tools and equipment are returned to the supplier/service provider for relevant service and repair and ensure all paperwork associated is complete and reported accurately.
- Liaises with the Projects staff regarding the collection of tools and equipment and ensuring all are in good working order.
- Attend Planning Meetings to provide the necessary support to the Projects Team.
- Track tools and equipment between sites by following up via Supervisors/Coordinators daily.
- Review tool kits, when received from sites to ensure all tools and equipment, are PSL tools and report on instances where it is not.
- Tracking, Updating, and ensuring all Equipment are calibrated as scheduled.

✉ Interested candidates should submit a detailed resume no later than September 14th, 2022 to the following email address: hr@plantsoltt.com
