### 33. Software Developer Wanted

## Software Developer Wanted

Web Source (Trinidad) is looking for a Developer to work on Laravel projects. See the details in the attached image. This is an in-house position.

[\[View file #1718 online\]](#)

We are looking for a developer with Laravel experience to complement our (very) small team.

#### Responsibilities

Assisting with gathering, documentation and analysis of system requirements.

Design, development, testing, deployment and maintenance of application systems based on documented requirements.

Monitor deployments and respond appropriately.

Some initial projects will include working with front-end developers on a web app migration from legacy PHP to Vue.JS and back-end code for a new administration portal using Vue.JS.

#### Requirements:

Bachelor's Degree or equivalent work experience

2+ years using MVC frameworks (e.g. Laravel)

2+ years of experience with developing and implementing web applications

Experience creating and modifying RESTful APIs (specifically JSON)

Experience with Git version control

General understanding of HTML, Javascript, CSS and MySQL

Understanding of MVC and OOP principles

Demonstrable ability to develop solutions using the Laravel Framework i.e. provide an example

Experience with testing frameworks and a good understanding of test-driven development concepts and supporting tools

Passion for exploring new technology and proactively identifying new opportunities and areas for improvement.

Ability to communicate effectively with stakeholders

#### How to apply:

Email your resume to [hr@shipwebservice.com](mailto:hr@shipwebservice.com). Specify this position (Software Developer) in the subject in order for your application to be received.

**The deadline for applications is June 14th 2022.**
